

Diffy's back!
A New Adventure for the
Red-and-White Striped Sheep

Fiete Anders *Miriam Koch*
Eine Reise mit dem Wind

GERSTENBERG

Diffy Differs, the red-and-white striped sheep with a difference, has finally found his place in the world: On the coast, where the wind tells its stories amid the roaring of the waves and by the blinking glow of the lighthouse - that's where Diffy feels at home, snug and safe.

Yet, for all that, he's still avid for adventure. So when his friend, the seagull, takes off, riding on the wind, Diffy doesn't think twice about joining her. And what wondrous sights they come to marvel at: Endless deserts, rank jungles and barren icescapes. Yet, no matter how fascinating those distant lands may be, how strong the lure of the unknown, at the end of the day they both come to the same conclusion: Home is always best!

Miriam Koch's new book about everybody's darling sheep Diffy springs a pleasant surprise on its readers, as it takes them to new adventures in enticing exotic locations. A wonderful story about a friendship, especially for those who, wanderlust notwithstanding, feel that home is always best.
