Time to go to sleep - but there's lots of things to discover on your way to bed. Such as a mouse removing - a louse.

Kids just love rhymes, especially when read to them by a grown-up. This book invites you to read the rhymes aloud, and to make up a few of your own. What's more, its colourful, imaginative pages just bristle with all kinds of funny little surprising details which children will discover with glee. To round things off, the icon bar on the left page provides a beginner's pictorial dictionary listing each of the rhyming words next to a picture of the object referred to.

A wonderful bedtime book, one to be read aloud to the kids and a cornucopia of rhymes, all rolled into one – makes going to bed fun three times over!
