Every child has a favorite animal! Whether that animal is an elephant, giraffe, bat, or penguin, this new activity book allows us to playfully design each and every one step by step. And it's easy as pie: each of the twenty-six sections consists of four short, easy-to-understand steps - even newcomers to arts and crafts will be delighted. Almost all of the required materials can be found at home. Best of all: from A as in Ape to Z as in Zebra, we craft our way through the entire alphabet and get to know all of the alphabet letters as we go. A beastly arts and crafts joy for families, schools, and preschools alike!
