For days now, Matthis has been roaming the summer forests of Norway with his dog Tara. He gathers berries, builds campfires, swims in one of the many lakes or watches the clouds. It could be so beautiful if it weren't for the thoughts of the fight with his parents, the words he shouted after them, the accident...

Out of nowhere, a mysterious girl suddenly appears in the forest.

An adventurous summer story about bold and quiet feelings and life in nature.
