

What's Awake at Night? Not Just Cats!

2+

Daniela Kulot

In The Night

26 pages, full-coloured

22 cm x 15.5 cm, hardcover

€ 12.00

All rights available

What does the cat do at night? She sits on the roof and watches. What does an owl do at night? And the ship in the harbour?

There's so much to discover at night! Many animals are active, but there are workers out too. You could just sit by the window, and watch, and almost forget about bedtime!

A picture book to look at again and again – until it's time for bed.
